EDUCATION

Jai Narain College of Technology **2022 – Present**
B.tech in Computer Science & Engineering CGPA: 7.1 SGPA: 8.79
R.D.S. College **2021**
12th Standard Percentage: 73.2
K.D.K.N. High Schhol **2019**
10th Standard Percentage: 75.8

TECHNICAL SKILLS

Languages: Python, JavaScript
Frontend: React, TailwindCSS, CSS, HTML
Databases: SQL
Dev Tools: VS Code, Github
CS Fundamentals: Computer Networking, DBMS, OOP, DSA
Soft Skills: Communication Skills, Time Management, Adaptability to New Technologies

PROJECTS

RecipeHub: (React Recipe Management Application)

- **Technologies:** React, Context API, React Router, React-hook-form, Tailwind CSS, Local Storage.
- Built a full CRUD recipe management application with dynamic routing.
- Implemented global state management using Context API.
- Integrated LocalStorage for data persistence.
- Designed a fully responsive and modern UI using Tailwind CSS.
- Added favorite functionality and real-time updates.

Spotify clone: (Team Projects – 4 Members)

- **Technologies:** HTML, CSS, JavaScript
- Developed a fully functional web-based music player interface inspired by Spotify.
- Implemented DOM Manipulation and event handling using JavaScript .
- Implemented features like play/pause, next/previous track, and volume control using JavaScript.
- Collaborated via GitHub for version control and coordinated tasks among team members.

EXPERIANCE / CERTIFICATIONS

Java Programming Fundamental course : Infosys Springboard **Jan 2025**

- Covered core Java concepts, object-oriented programming principles, exception handling, and basic data structures.
